ON-DEMAND ACCESS TO EXCEPTIONAL TALENT

To meet today's ever changing business demands, you need on-demand access to exceptional talent.

RHM Technical Solutions

Technical, professional and managerial talent for manufacturing and industrial organizations.

RHM Technical Solutions offers a pipeline of talented candidates covering a wide range of disciplines who can make an immediate impact on your organization. You choose the candidate; we handle all the paperwork, payroll, taxes, and benefits.

Technical Staffing Solutions

Contract Staffing
When you are looking for a short-term option for quality technical employees, RHM Technical Solutions contract staffing service is the right solution for you. Our talent pipeline provides project-based technical and professional candidates. Access to skilled professionals enable you to meet customer demands and reduce headcount without adding the cost of hiring a new employee.

Contract-to-Hire Staffing
Assess employee skills and ensure that a new hire matches your company culture with our contract-to-hire staffing services. After a minimum contract period has been fulfilled, contractors can be hired directly to your team.

Direct Placement Staffing
When you need to add headcount to your organization, let RHM Technical Solutions search and screen candidates for your permanent positions, while you focus on your core responsibilities. Our professional recruiters use our proprietary recruitment process to find the top candidates that fit your needs.

With RHM Technical Solutions, you get:
On-demand talent. Access to specialized expertise. Higher ROI.
